Tips from OUR COMPANY NUTRITIONIST

Encouraging a healthy diet

Adding vegetables into the main meal is a great way of ensuring you get your recommended 5 a day.

We should try new foods at least 10 times before we decide we don't like them.

We can't wait to be an integral part of school life. We're looking forward to delivering fun, healthy eating assemblies, bread and pasta cookery lessons and lots more.

We'll also be attending Parents' evenings to answer any queries you may have about school lunches.

The school will also be visited by our 'Plant-Powered Kitchen' by Mellors, where we encourage our pupils to try tasty new food that's good for you AND the planet!

We will be introducing a Pupil Forum for pupils who wish to offer the opinions of themselves and their class friends, to help us further develop our menus. They will also have the opportunity to work with
